

## Effect of a 10-unit increase in PM10 along lags

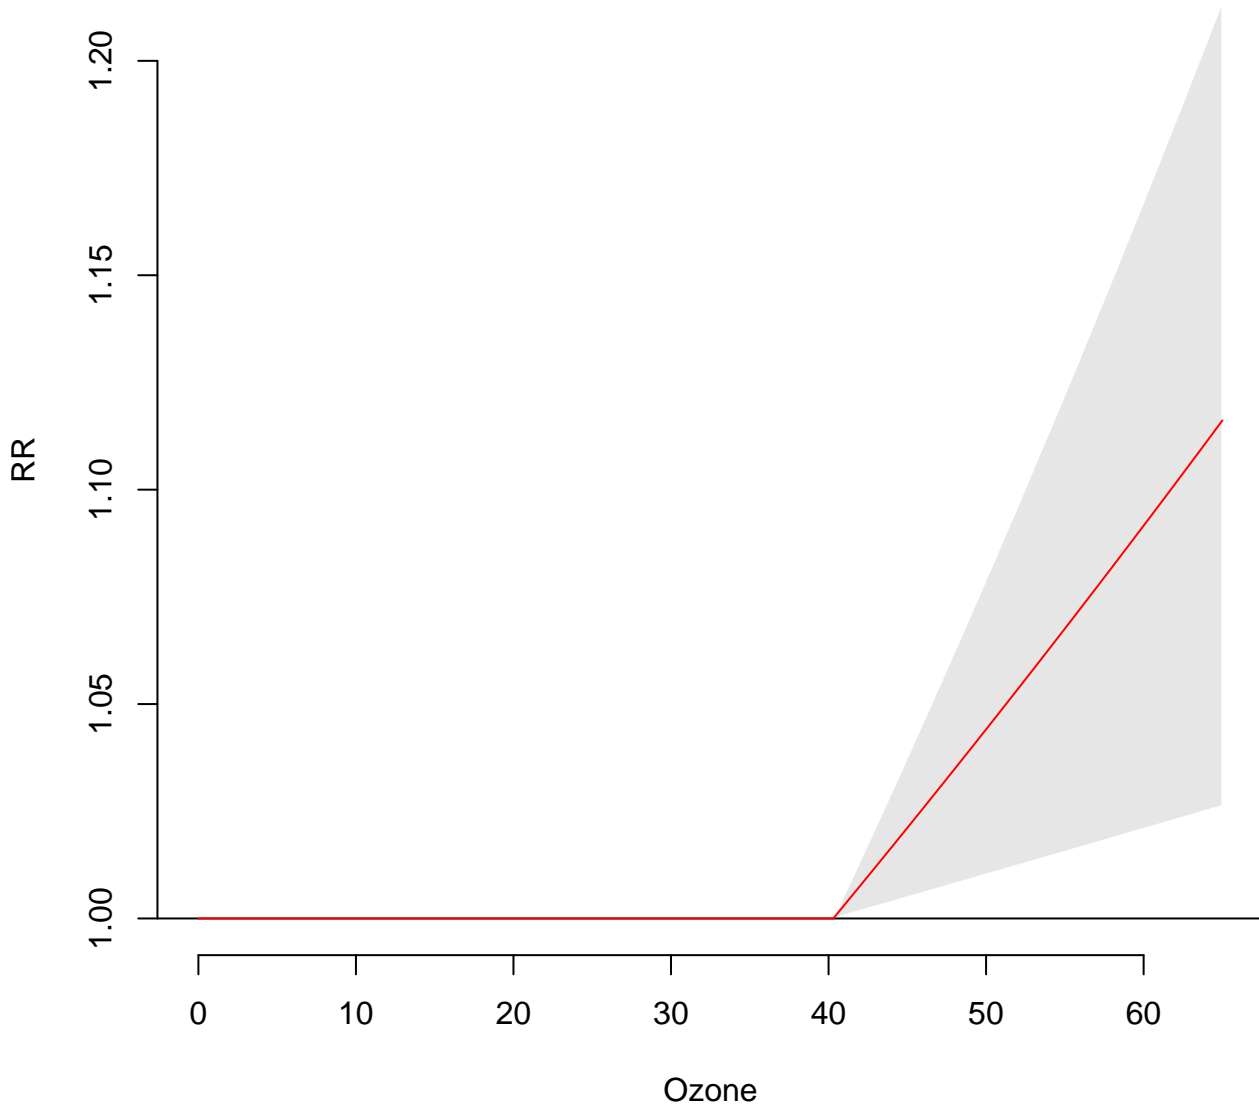

# Overall effect of PM10 over 15 days of lag

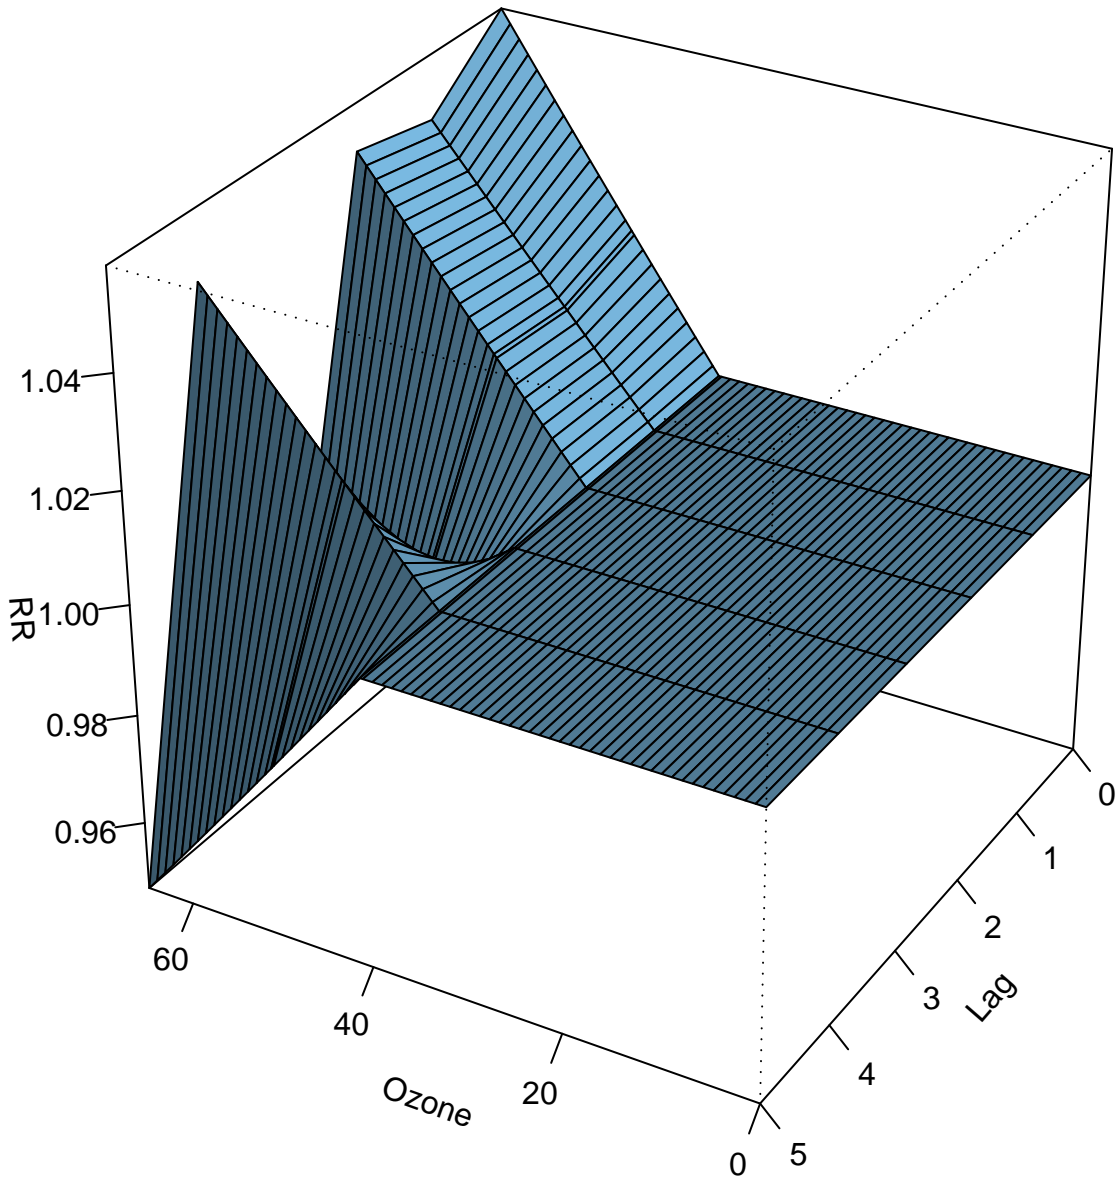

# Effect of a 10-unit increase in ozone along lags

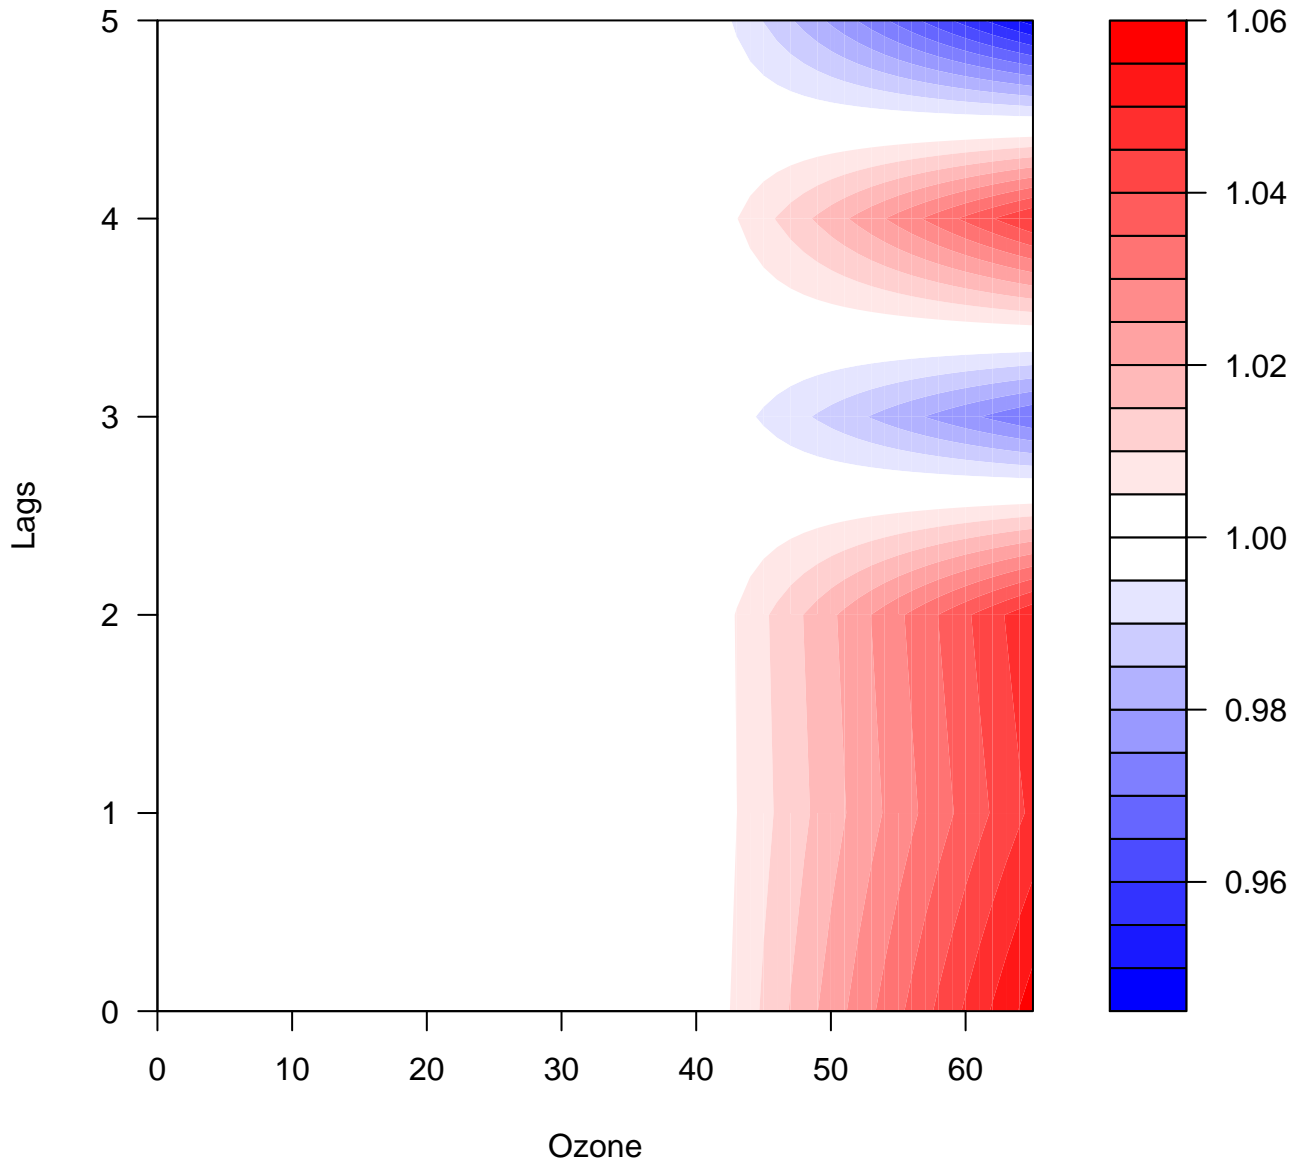

## Overall effect of ozone over 5 days of lag

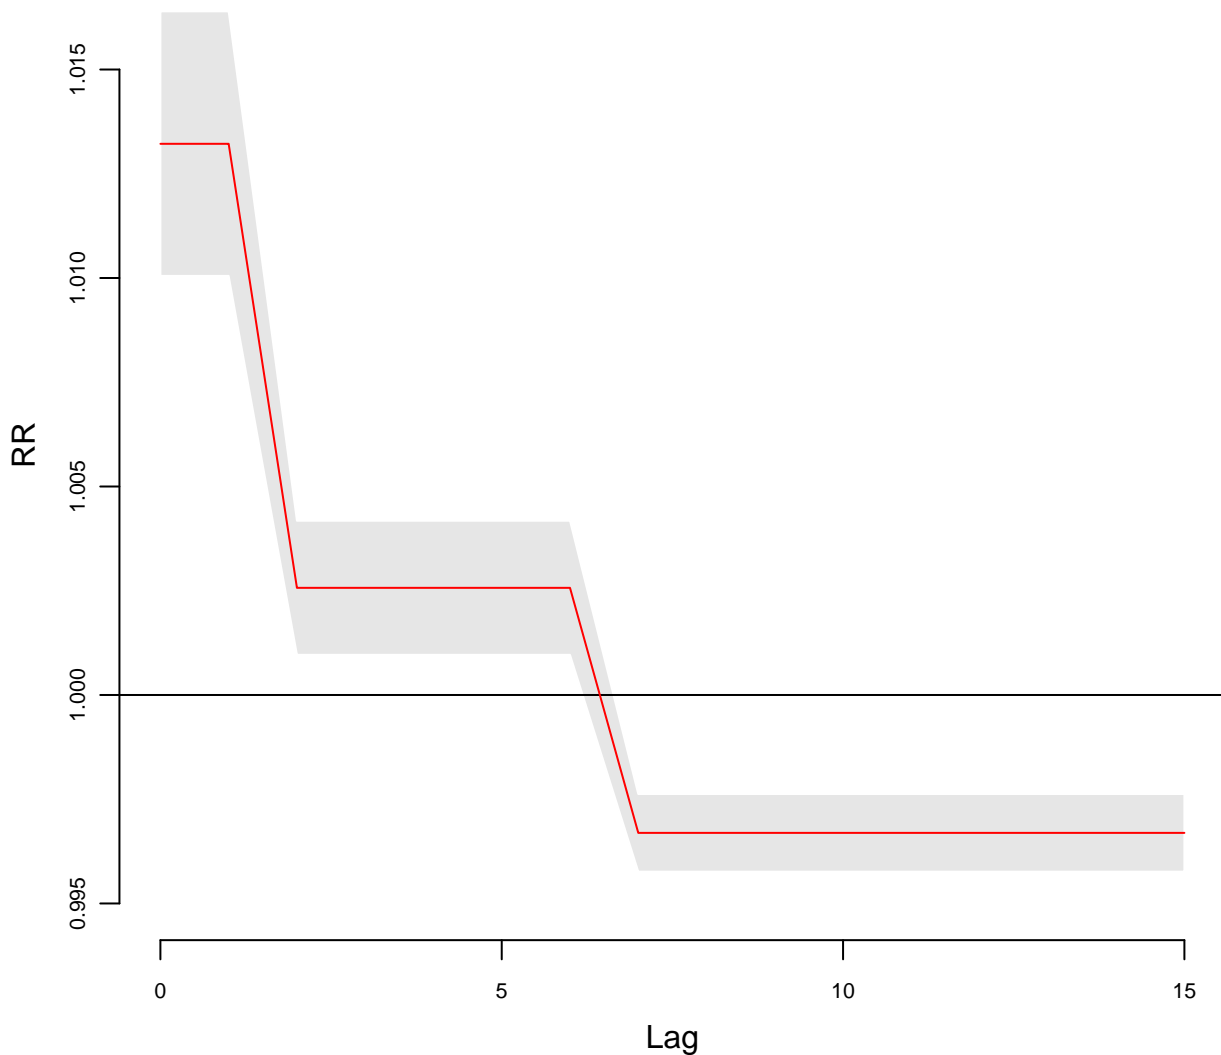

3D graph of ozone effect

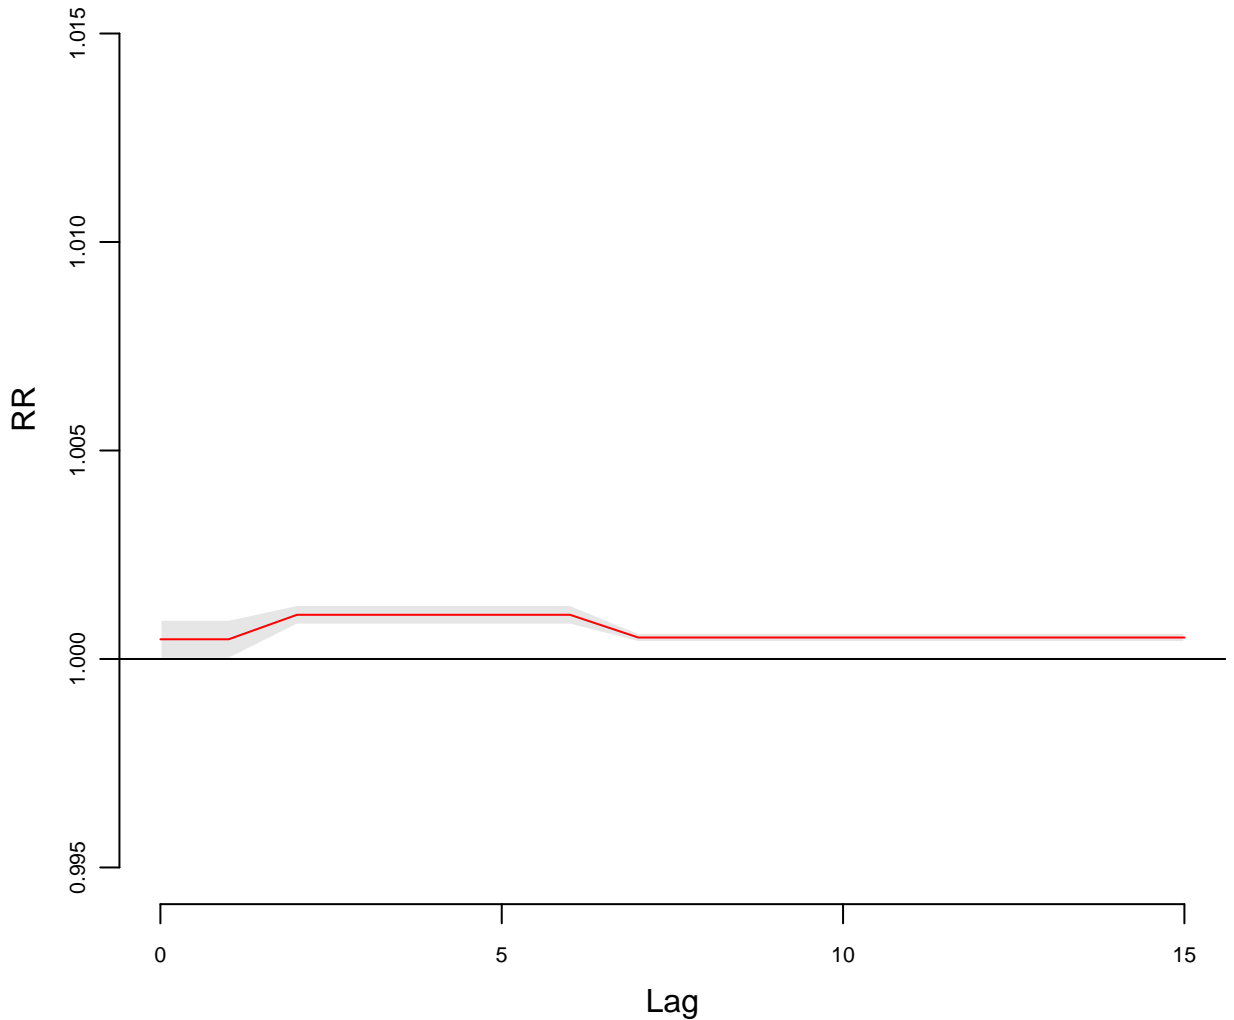

**Contour graph of ozone effect**

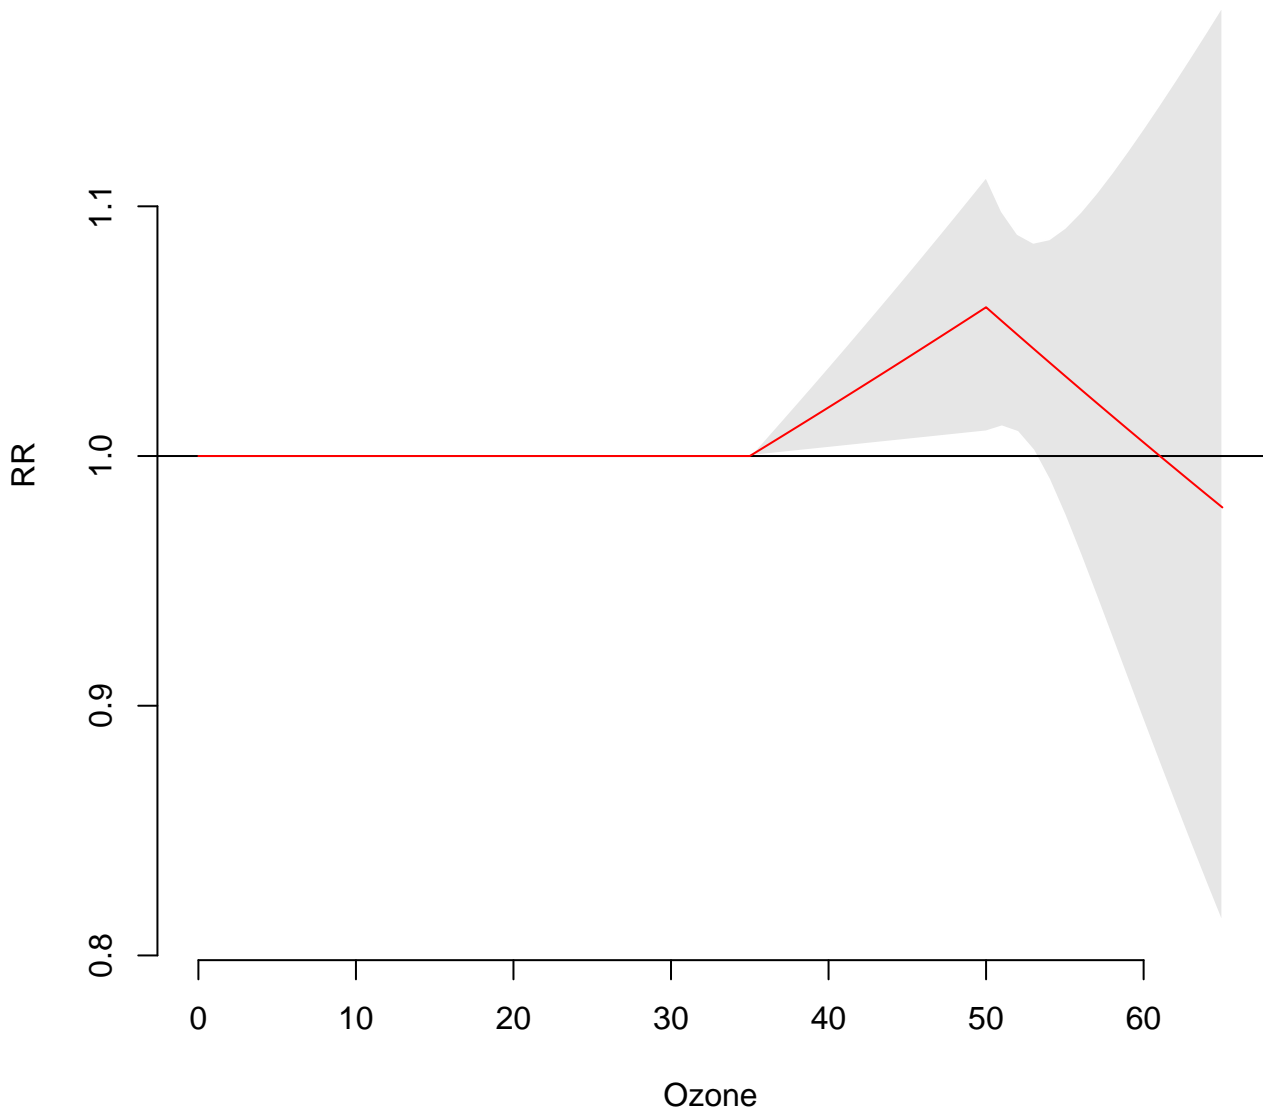

# Effect of temperature along lags for a unit increase above the high threshold

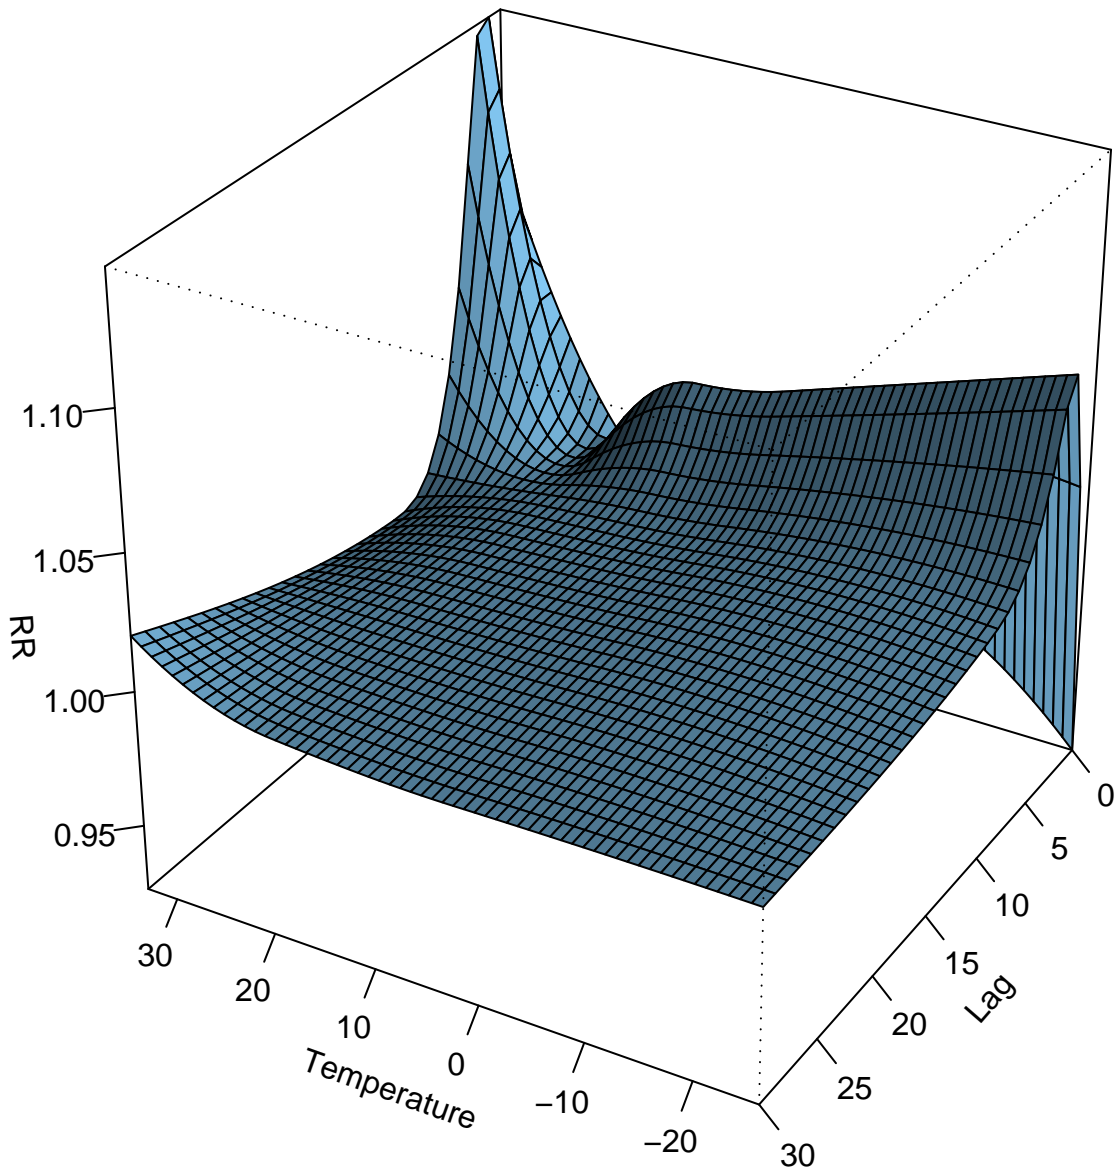

# Effect of temperature along lags for a unit increase below the low threshold

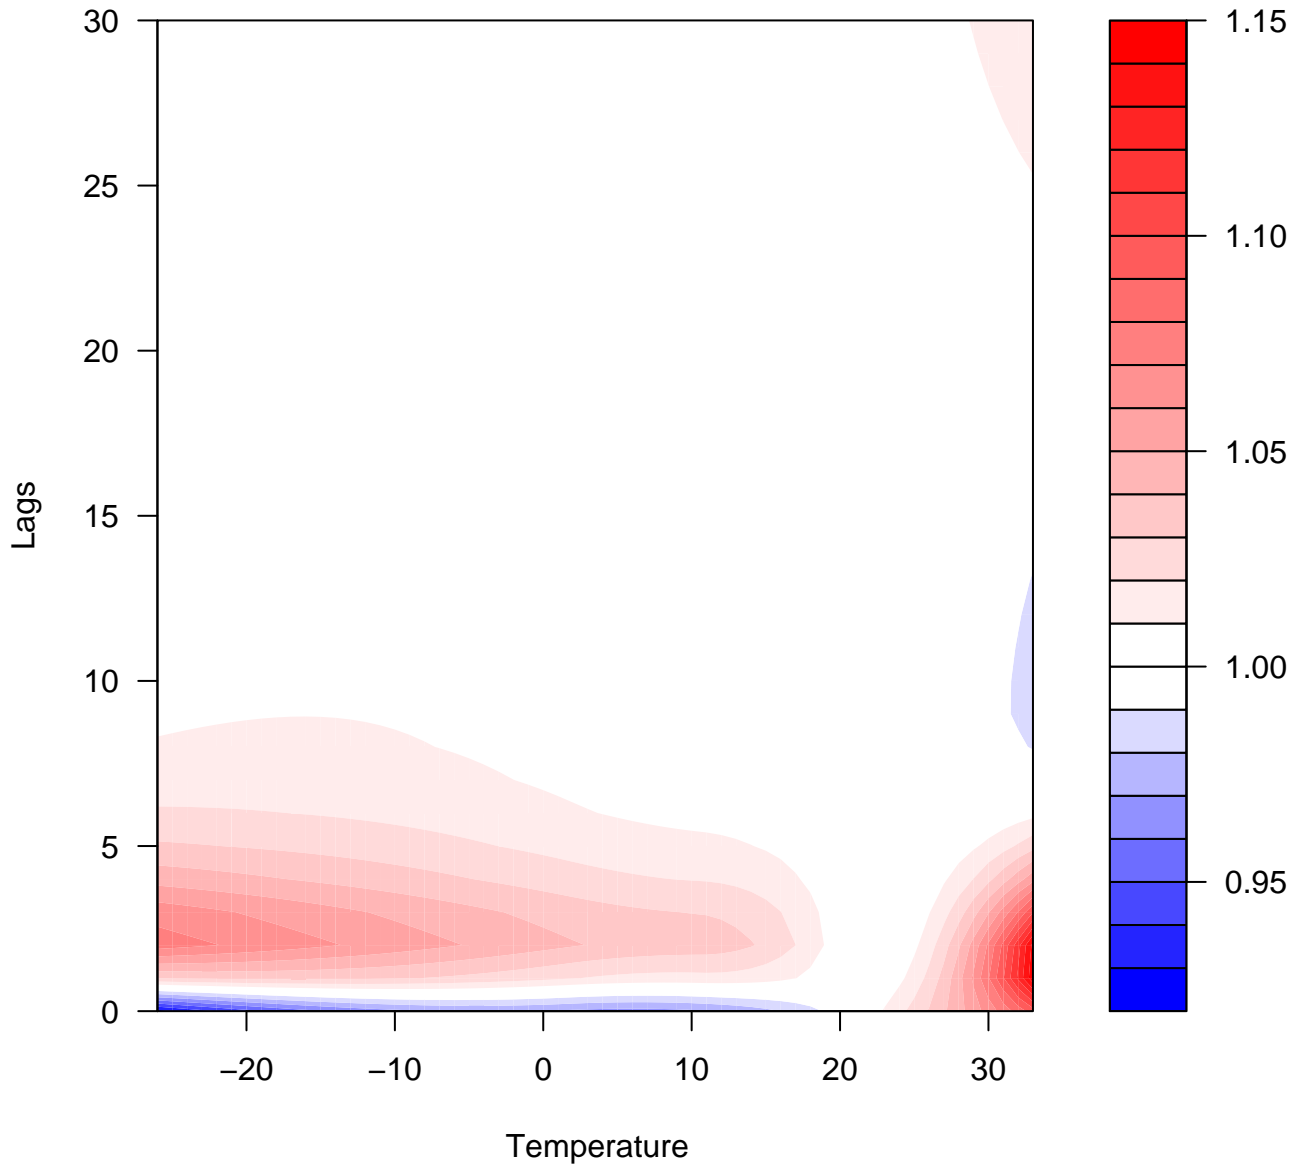

# Overall effect of ozone over 5 days of lag

3D graph of temperature effect

**Contour graph of temperature effect**

## Overall effect of temperature over 30 days of lag
